Mehdi ELHARRAR

Master of Public Health Student

I am a second-year Master's student in Public Health, passionate about epidemiology and scientific research. I am seeking a final-year research internship where I can contribute my skills in study design, quantitative data analysis, and statistical modelling to impactful epidemiological projects.

Education

- 2024 - 2026 Higher Institute of Health Sciences – Hassan First University
Settat, Maroc
- Master of Public Health - MPH
- 2021 - 2024 UM6P - University Mohammed VI Polytechnic
Benguerir, Morocco
- Bachelor of Science in Nursing

Research Experience

- 03/2024 - 06/2024 CHU Mohamed VI
Marrakesh, Morocco
- Final-Year Project (PFE)
Title: *"Moral Sensitivity: What Role in Ethical Decision-Making in Nursing Care ?"*
Led a three-month final-year research project at the Mohamed VI University Hospital Center. Adopted a rigorous scientific approach — including comprehensive literature review, primary data collection and quantitative analysis — to investigate the influence of moral sensitivity on nursing practices and ethical decision-making. Data were analyzed using SPSS, applying descriptive statistics and hypothesis testing.

Professional Experience

- 2021 - 2024 Multiple hospital centres & departments
Morocco
- Clinical Internship Experience
Direct observation of patient pathways and clinical challenges in specialised units (pediatric oncology, intensive care), which reinforced my interest in assessing the effectiveness of clinical interventions through scientific research.
- Supervision & Continuous Improvement :
 - Tutored and supervised student interns during their integration on clinical sites: delivered practical training, supported adherence to clinical protocols, and facilitated onboarding.
 - Promoted teamwork, leadership and evidence-based practice among interns and clinical staff, contributing to continuous quality improvement.

Extracurricular Experience

- 2022 - 2024 HECO club - UM6P
Benguerir, Morocco
- Vice-President
 - Organized a workshop on hypnotherapy: **"Hypnosis for Therapeutic Purposes"**.
 - Participated in the **"Student Club Fair – X-IBITION"** event: presented the club and organized activities for participants.
 - Contributed to organizing **"The Diabetes Awareness Week"**: organized the conference **"Diabetes: Informing for Better Prevention"**.
